The new three story BRICK DWELLING AND STORE, at the North West corner of ee and Rayal streets, will be for rent as soon as the painting is completed and dry. It is one of the best stands in town for almost any kind of business. There is a flue in the cellar connected with the Kitchen chimney, where a bake-oven can be put up. In connection with a bakery, the store and parlor over it would make a first rate ice cream saloon, with an entrance to the latter from Reyal street. The whole will be rented together -neither can be had separately. If taken by a good tenant who will establish and conduct a busiless in such a manner as will insure its permanence, a lease for a long term will be granted after the first year, upon reasonable torms. Also, a de-sirable OFFICF adjoining, on Prince street. For SAMUEL MILLER.

LOCAL ITEMS.

RAILROAD MEETING .- The annual meeting of the Stockholders of the Alexandria. Loudoun and Hampshire Railroad Company. was held at the Office of the Company in this city, yesterday morning at 11 o'clock. The meeting was organized by the appointment of Robert Jamieson, Chairman. Reu-Cape Fear, N. C., \$5; North Western Bank of Virginia, \$5 and \$10; Bank of Commerce, \$5.

The Board of Directors having expressed a desire that as much of the road should be completed as possible prior to the annual meeting, and it having been generally understood that to comply with this wish, an adjournment to as late a period as possible would take place, the attendance was small, those present being stockholders from this city and Fairfax County. The chairman powder has been made. having called the meeting to order, the Secretary reported that there was no quorum present, when Mr. McKenzie stated the wish of the Directors in regard to an adjournment, whereupon, on motion it was resolved that the meeting adjourn until Tuesday the 15th of November, when it will be held at the Company's office in this city.

OFFICE OF THE WILLIAMSPORT DIVISION,) CHESAPEAKE AND OHIO CANAL, September 26, 1859.

T. J. MERAFFEY, ESQ.-DEAR SIE:-The exact condition of Dam No. 4, on the Division below me, cannot be ascertained until the river falls: though it is thought that navigation can be restored Antietam Division will be repaired, I understand, from Fort Dallas to Salt Lake.

Should the river not fall too low by that time, it is probable the boats now on their way may be able to pass Dam No. 4, and reach their destination. Yours, respectfully,

A. K. STAKE, Superintendent. Further advices received yesterday morning, state that the canal, from Harper's Ferry to Alexandria, will be in navigable order the last of this week, and that a large number of boats lying at and below that point. may be expected here the first of next week.

Good Signs .- One of the surest signs of an improvement and return to "better times" in our city, is, that all our mechanics have now as much work as they can do, and frequently building and repairs have to be delayed on account of the difficulty experienced in getting workmen. Especially is there a searcity of Carpenters, Bricklayers, &c. This improvement in the mechanical department of the city, with a very observable increase in trade, and a better feeling in mercantile

circles, is very encouraging. THE NEW THEATRE.-This handsome hall has proven to be well adapted for its purpose, its arrangement being comfortable and complete, and the performances, since its opening, numerously attended. "The Stranger" very attractive programme for to-night. | teans. Mrs. Gladstane, who has fully sustained her reputation as an actress, is well supported by sentiment from all who have attended, and that is the highest terms of praise of the entertainments. The orchestra is full, and

the music excellent. PASSENGERS SAILED .- The following pass sengers sailed from this port in the steamer Mount Vernon for New York, Monday evening, besides four from Washington, making twenty in all: Mr. Leatherland wife and two children, J. H. D. Smoot and wife, Mrs. P. G. Uhler, Mrs. Murray, W. F. Padgett, J. D. Sherman and wife, B. F. Sherman, J. W. Newcomb, W. P. Hone, B. Gilbert, and John Banter.
